**FISCAL IMPACT STATEMENT**

**LS 6208**

**BILL NUMBER:** SB 47

**NOTE PREPARED:** Jan 13, 2004

**BILL AMENDED:** Jan 12, 2004

**SUBJECT:** Funding to Commercialize Emerging Technology.

**FIRST AUTHOR:** Sen. Ford

**FIRST SPONSOR:**

**BILL STATUS:** As Passed Senate

**FUNDS AFFECTED:** X GENERAL  
DEDICATED  
FEDERAL

**IMPACT:** State

**Summary of Legislation:** This bill creates the Emerging Technology Grant Fund to be administered by the Twenty-First Century Research and Technology Fund Board.

**Effective Date:** July 1, 2004.

**Explanation of State Expenditures:** (Revised) The bill creates the Emerging Technology Grant Fund and Grant Program to be administered by the 21<sup>st</sup> Century Research and Technology Fund Board. The Fund is established to provide grants to match federal grants for small-sized technology-based businesses in an effort to accelerate the commercialization of emerging technologies. An eligible business must: (1) be independently owned and operated; (2) must have its principal office in Indiana; and (3) have either 100 or fewer employees or average annual gross receipts of \$10 M or less. [A manufacturing business must meet requirements (1) and (2), and the employment requirement in (3).] In addition to meeting these conditions, the business must be engaged in life sciences, information technology, advanced manufacturing, or logistics. Money in the Fund at the end of the fiscal year does not revert to the General Fund.

The bill requires the 21<sup>st</sup> Century Research and Technology Fund Board to administer the Emerging Technology Grant Program. The bill specifies some criteria for awarding grants and requires the Board to establish guidelines for priority areas, matching levels, and maximum grant amounts. The bill limits the state-federal match for emerging technology grants to 100% and limits individual grant amounts to \$150,000.

The bill does not contain an appropriation to the Fund.

*Background:* The Indiana 21<sup>st</sup> Century Research and Technology Fund Board consists of the following:  
(1) The Lieutenant Governor, who shall serve as chairperson of the Board.

- (2) Two representatives from separate Indiana public research institutions of higher education to be appointed by the Governor.
- (3) A representative of an Indiana private research institution of higher education to be appointed by the Governor.
- (4) A representative from a high-technology business to be appointed by the Governor.
- (5) A representative from a business with high research and development expenditures in Indiana to be appointed by the Governor.
- (6) A representative from the venture or growth capital industry to be appointed by the Governor.
- (7) One individual who has expertise in economic development to be appointed by the Governor.
- (8) One individual who has expertise in academic research, technology transfer, or collaborative relationships between the public and private sectors to be appointed by the Governor.
- (9) A representative from a high-technology business to be appointed by the Speaker of the House of Representatives.
- (10) A representative from a high-technology business to be appointed by the President pro Tempore of the Senate.
